BABS BUNNY

Babs is our new 'star'; a cheerful, lovable and irrepressible ham. She's sassy, but with a distinctly feminine flair. Babs is a high energy impressionist and comedienne who doesn't know when to quit. Buster's best friend and co-host, Babs is a one-rabbit entertainment center.

Babs is a teen-age rabbit actress, a natural performer. She bubbles over with non-stop energy, and is always jumping into a new celebrity impersonation. She uses this skill to amaze her friends, confuse her enemies, or simply to entertain herself when there's no one else around.

Some of the impressions in Babs' repertoire include: Joan Rivers , a cockney, Scarlett O'Hara, Rosanne Barr, a youthful and an elderly Katherine Hepburn, Jane Fonda, Marilyn Monroe, Billie Burke, Dolly Parton, Margaret Thatcher, Mae West, Madonna, Cher, Dr. Ruth... Babs is a one-woman show.

Occassionally, Babs goes too far with her impressions. Buster may start a conversation with Babs, only to finish it with Barbra Streisand, Princess Di or whomever else Babs happens to 'be' at the moment. This can get on Busters nerves. Also, Babs may unwittingly hurt her friends' feelings by adding them to her repertoire of impressions.

She enjoys shopping, talking on the phone, helping Buster pull a fast one, or doing anything else that could lead to some fun. Turn offs include study hall, sitting still and drama critics. Her biggest fan is Buster, her co-host and comedy partner.

Like her best friend Buster, Babs feels sympathy for characters in need, and will rescue someone from an enemy by posing as a well-known celebrity or authority figure.

Babs' is one of Acme Looniversity's most promising young performers. Despite getting in trouble now and then for doing dead-on imitations of pompous faculty members (like Elmer Fudd), Babs is easily the most popular girl in the school. Voted "most likely to do anything," her favorite class is "Advanced Class Clowning."

Babs come from an extremely large family, she being the oldest of dozens of smaller brothers and sisters. They all live with their exceptionally tolerant mother in a flower-ringed hole in Acme Forest.

Babs' ears come in handy as props while doing her impresssions. She can frizz them out to create a Tina Turner effect, pull them down around her head like a scarf for a weobegone little waif, or twirl them around her head in an elaborate turban.

QUOTABLES:

"Do you like my ears better up or down?"
"I'm heeeeeeeeeerrreeee!"
"Get a life!"
"What color is the sky in that little world of yours?"
"Oh, can we talk?"
"Don't I have just the cutest toes?"
"I look mahhhhhvalous!"
