GOGO DODO

Gogo is a cute but zany dodo bird. He resides in Wackyland, a confused, Dali-esque realm where bizarre backgrounds change every second, and denizens include giant eyeballs, Picasso-styled faces, and zanies with their heads on upside down.

A pure cartoon character, Gogo Dodo is the last of his species. He is a living non-sequitur, the unofficial Wackyland goodwill ambassador, ready to disorient any Acme Acres resident who wanders into his bizarre territory. When the Toons are feeling adventurous, they enter Wackyland. The speedy bird takes them on a whirlwind tour of this crazy zone. Cavorting improbably against the fantastic Wackylandscape, Gogo Dodo shatters every rule of animation. Reality isn't in his bag of tricks.

Gogo Dodo is Wackyland's transfer student to Acme Looniversity. Gogo operates by his own set of rules, which means no rules. The crazy dodo is liable to turn up rowing a rubber raft through the halls of the Looniversity, ice-skating in mid-air, drawing doors on the wall and squeezing himself through the key hole, or turning himself inside out and parading around as a No-pest strip.

The only character with whom Gogo relates is Babs; they have a similar 'anything goes' personality.

He has a silly voice that draws little distinction between words and a lot of "Gerald McBoing Boing" style sound effects.

QUOTABLES:

"Vo, do, do, dee, oh... !"
